EDUCATION

University of Illinois at Urbana-Champaign

Dec 2026

Bachelor of Science Astronomy + Data Science and Statistics, LAS James Scholar

Extracurriculars: Secretary and event coordinator Hindu YUVA, COZAD new venture challenge

WORK EXPERIENCE

TwinMind - Founding Growth

July 2026 - September 2026

- Led growth across content, web, and brand at TwinMind, a \$9M-funded AI startup reaching 500K daily active users.
- Drove end-to-end growth experiments and launches across website optimization, creative campaigns, product storytelling, video, social distribution, and user research - from strategy and ideation through execution.**

Satvik movement - Growth

March 2026 – May 2026

- Driving e-commerce setup and growth strategy** for India's largest community-driven health platform, serving an 8M+ subscriber base
- Designing **high-conversion Shopify** store pages using **Replo, Shogun, and Figma** to turn audience scale into revenue

Ocher Studio — Business & Growth

Jan 2026 – May 2026

- Led the full sales and marketing channels in North America, setting up the base and onboarding the biggest client.
- Worked at the intersection of **entrepreneurship and community impact**, advocating for revenue-driven models to support artisan livelihoods rather than charity-based approaches
- Supported **early-stage growth initiatives through market research, exploration of new revenue channels, partnerships, and brand storytelling**

Founders Illinois Entrepreneurs UIUC – Head of Exploration

Sept 2024 – Dec 2025

- Brought Antler investors to campus and ran workshops, fireside, and networking, **reaching 100+ students** and giving students direct exposure to pre-seed VC
- Led and recruited a cross-disciplinary team to scope and launch new projects each semester, building a stronger pipeline of first-time builders and expanding community visibility.
- Built an accessibility vertical and launched the “Exploring Entrepreneurship” series; helped non-startup majors see entrepreneurship as a career path and **grew participation ~4x**.

RESEARCH EXPERIENCE

UIUC Astronomy (Prof. Leslie Looney) - Undergraduate Researcher

May 2025–Present

- Process ALMA IRS3B data in CASA (calibration checks, multiscale tclean) to produce continuum/line FITS cubes and moment maps for high-resolution structural analysis.
- Build reproducible imaging pipelines (masking, Briggs/uv-taper choices) and analyze dust–line morphology and gas kinematics to evaluate evidence for the “badminton-birdie” infall pattern.

Space Generation Advisory Council

Feb 2025 – Dec 2025

- Built basic **cost and risk estimates** for a proposed Venus mission and compared design options to check feasibility.
- Evaluated sustainability, policy context, and private-sector partnerships to de-risk execution. The team’s proposal was accepted to the International Astronautical Congress (IAC) for 2025.

PROJECTS

Collectiv — AI-Powered Community Shopping (Hackathon Winner)

April 2025

- Built pooled-order delivery MVP in <24h; shared-cart + batch routing reduced per-order cost ~60%.
- Prototyped order parsing, batch grouping, and prompt-based product optimization (Lovable + Adelo).
